# HAVING ACCESS TO EVERYTHING!!

Planning comfortably  
with VENTAFLEX®

**VENTAFLEX®**

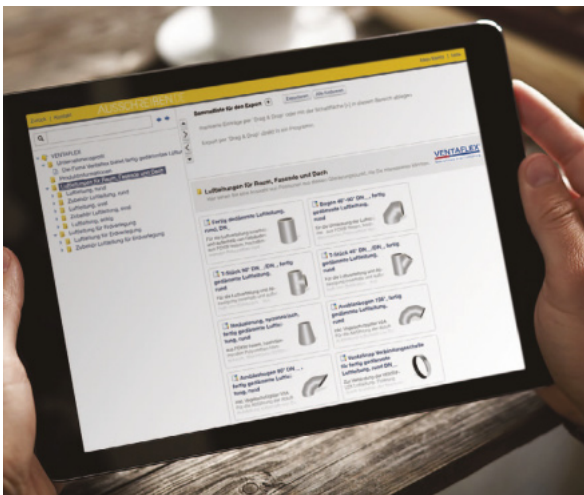

More efficiency in air guidance

## Our service: complete system retrievable online

The planning of complex systems is easier to manage, when all necessary components needed for construction are detectable at a glance. That is the only way to put the actual perfect solution together.

At the planning portal [ausschreiben.de](http://ausschreiben.de) planners for technical building equipment have always had access to many VENTAFLEX® products. Now the compilation of specifications is getting more effective: as of now the complete VENTAFLEX® product range is retrievable newly structured, complemented by current technical data.

> VENTAFLEX® -area on [ausschreiben.de](http://ausschreiben.de)

## As easy as “online-shopping”!

The intuitiv search for the desired product is significantly easier by illustrations of each component being quick to capture. One click further you receive alle relevant technical information for each component in detail – even together with reference to certifications or supplies.

## Any questions?

We offer you free and personal advice:

+49 (0) 25 05 – 93 829 0

## ... not only the “What”, but also the “How”

Next to the product information and its quality it may also be relevant how the according component is introduced and installed in the context. For this, detailed installation manuals are downloadable for each position.
